Interest profile (RIASEC scores)

Your 3-point code

IRS

I = Investigative R = Realistic S = Social

As per your 3 point code, your dominant personality type is Investigative, followed by Realistic and Social. An individual who is of the Investigative type indicates an analytical orientation, wherein they enjoy drawing conclusions from systematic and objective observations. The adjacent Realistic type is most comfortable being involved in activities that are concrete and based on clearly defined systems and norms. Followed by Social type which demonstrates sensitivity to human needs, nuances of emotions, thinking patterns and other aspects of human behaviour.
